Experience

Web Development Immersive Student — General Assembly

New York, NY   Sept 2013 - Dec 2013

Highly selective full-time web development immersive course

- Built projects and learned best practices in full-stack web development, dedicating 70 hours a week on average
- Learned quickly in a fast paced environment
- Received in-depth training & feedback from professional developers
- Built projects using full-stack development skills including:
  - *Skill Savvy* - web app used to search, filter, and rate tutorials
  - *Dancing Cities* - an interactive 3D world that moves to music, featuring a city generated dynamically using NYC data

Program Coordinator — CodeNow

New York, NY   Feb 2013 - Aug 2013

Non-profit that teaches programming in Ruby to underrepresented youth

- Coordinated CodeNow.org website redesign with Development team
- Created web content, promotional materials, wireframes & mock-ups
- Developed, promoted, and executed CodeNow's launch in NYC
- Independently managed logistics for over 25 programming trainings

Coordinator, Kids Interactive — WNET THIRTEEN

New York, NY   Jun 2010 - Feb 2013

PBS member-station for the New York metropolitan area

- Managed e-newsletter and website content for kids.thirteen.org in conjunction with Membership, Design, & Development teams
- Ran WNET's 50th Anniversary Kids Poster Contest as Project Lead
- Mentored and coordinated responsibilities with interns & volunteers
- Supported the Director of Kids Interactive and fulfilled her role while she was on maternity leave

Technical Consultant — TECH Center at Temple University

Philadelphia, PA   Aug 2009 - May 2010

One of the largest computer labs in the United States

- Oversaw TECH Center operations and support for students
- Delivered hands-on instruction, troubleshooting and technical assistance to university students on Mac & PC
